Manual, in the first ten days of October

### VINIFICATION AND MATURATION

Destemming and then skin contact for about 20 days with daily pumping over.

Pressing and maturation in small oak casks for about 12 months.

### BOTTLING

May of the year after the harvest

### SENSORY PROFILE

A Riserva obtained from the most widely planted red-skinned grape in the area.

The attractive ruby red shimmers with hints of garnet, the fragrances charm and the robust palate lingers.

### ACIDITY

4.2 g/l

### ALCOHOL CONTENT

14% vol.

### FOOD MATCHINGS

Particularly delicious when served with game and red meats of all kinds.

A meditation wine.
